

MediTelecare™

Exceptional Care Through Telehealth

We are the national leader in providing behavioral care telehealth services to residents of skilled nursing and assisted living facilities.

Two-thirds

of nursing home residents exhibit mental and behavioral problems. **Less than 3 percent** of older adults report seeing a mental health professional.

U.S. Department of Health and Human Services, Administration on Aging. (2001). Older adults and mental health: Issues and opportunities. Washington, DC: Author.

With MediTelecare™, your facility has access to:

MediTelecare™ services and telehealth technologies are at no cost to the facility!

Interdisciplinary care between psychology and psychiatry

Reimbursement for each resident through Originating Site Fee (Q3014)

Scheduled visits individualized to the resident, improving continuity of care

Improved performance in CMS quality measures and five star ratings

Improved quality of life through proper medication management and non-pharmacological interventions
